PROJECTS

PRACTICE JAPANESE ALPHABET - REACT • TAILWINDCSS

<https://github.com/kmk00/practice-japanese>

The goal of the site is to provide an app with exercises, including drawing, writing, and listening to the sound of Kana, to assist users in enhancing their understanding of the Japanese alphabet.

MEMORY GAME - REACT • TAILWINDCSS • FIREBASE

<https://pokecard-memory.netlify.app/>

This project is a card game where players must select every card in a level without choosing the same card twice. To play, players need to log in with their Google account and their best results are saved and retrieved from a Firebase database to display on the page.

PORTFOLIO WEBSITE - REACT • TAILWINDCSS • NEXT JS

<https://kmk00-portfolio-website.netlify.app/>

Portfolio website that showcases projects and skills. The website allows users to view details of each project, access demos, source code and contact the author using getform.io
